

"Unlock Business Insights with Termene.ro: Comprehensive Solutions for Companies of All Sizes"

Date: 2023-08-09

Participants:

The website Termene.ro provides information about companies, including financial and legal data. They offer various products and solutions such as RedBill for invoice reporting and collection, BizZilla for database creation, and CEO for monitoring client solvency. They also provide solutions for sales and marketing, credit risk, business consulting, finance, procurement, and legal matters. The platform allows users to access information about Romanian and international companies. The website also features articles, a blog, and job opportunities.
